## RAILROAD COMPANY LOSES OUT IN TAX APPEAL CASE

The Supreme Court handed down a short and very much to the point decision in the matter of the appeal of the Oahu Railway and Land Company from the decision of the Tax Appeal Court, sustaining an assessment of \$200,000 upon its interest in certain lands leased to the Ewa plantation. The decision states in part:

"This is the third time this assessment has been before this court. The facts are not substantially different from what they were then and need not be restated. The claim that of the taxpayer that this court has changed the settled law that this contract was not taxable, has no application to the fact of this case because the interest which is taxed is an interest in land and is specifically made taxable by the statute. The evidence shows that the amount of the assessment is not too high. The decision of the Tax Appeal Court is affirmed."

Castle & Withington for the taxpayer and Deputy Attorney General Prosser appeared in the case.

## CALIFORNIA EDITORS WORK FOR STEAMER

The Los Angeles Examiner of Oct. 11 contains the following article. The Examiner was represented among the recent visiting editors by G. Ray Horton. "A new line of steamships between Southern California and the Hawaiian Islands is proposed by the members of the Southern California Editorial Association, who have recently returned from a trip to Honolulu. Members of the association met yesterday afternoon with the Chamber of Commerce directors for the purpose of considering how the trade relations between Los Angeles and Honolulu might be improved."

H. P. Wood, secretary of the Hawaiian Promotion Committee, will be in this city within a week, and his visit is expected to open the way for something definite to be done towards establishing a line of steamers running directly from Los Angeles to Honolulu.

D. J. Holt of Santa Monica, president of the Editorial Association; Warren Wilson and L. F. Doolittle made brief explanations of the great need for such a line, which, in the opinion of experts, would be a paying proposition from the start.

The trip could be reduced to a twenty-day run at a price that would appeal to thousands of tourists who come to Southern California during the winter months. Honolulu citizens are crying for better freight facilities. "Should this line be established," said Mr. Doolittle, "it would bring that immense trade to Los Angeles."

During Mr. Wood's stay in the States he will visit the other coast cities, but he is in favor of the Los Angeles direct line, and comes to this city first.

The matter was referred to the Chamber of Commerce and will be taken up in a more definite manner. During Mr. Wood's visit he will be tendered a banquet, at which representative men will discuss the proposed line."

## REFUSE TO ACCEPT GOVERNMENT PAY

The spirit of public service has been clearly shown by two men in the Territory. E. A. Mott-Smith of this city and W. F. Pogue, of Maui. Both these gentlemen have refused to accept any pay for their services as inspectors of election, though they will take the positions and will perform the duties of the office.

The resignation as inspector of election of George O. Cooper of Maui, has been received by Chief Clerk Buckland. He seemed very anxious for the position till he got it and now, at this late day, sends in his resignation.

## WILL BE GOOD IN FUTURE

An interesting letter has been received from the judge of election on Maui who opened the package of blank ballots sent him, before election day. Chief Clerk Buckland wrote him a letter in regard to the matter which was rather severe and that it has had its effect is shown by the following:

Maui, October 23, 1906.  
To Secretary of Hawaii, Honolulu.  
Dear Sir:—Your letter was received and I saw everything in it. Please excuse me because I misunderstood. Now I know. I promise before God and you I will not open any Pkgs hereafter.  
Yours truly,
